

令和5年4月1日より「特定自主検査記録表」が変わります

### 1.油圧ショベル(ホイール式)

SR-EHW-01/02/-DからSR-EHW-01/02/03-Eに改訂

\*2枚組から3枚組に変わりました。

The diagram illustrates the change in the inspection record form for hydraulic excavators. On the left, two pages of the old form (SR-EHW-01/02/-D) are shown. A large blue arrow points to the right, where three pages of the new form (SR-EHW-01/02/03-E) are displayed. The new form includes additional inspection items and a more detailed layout, reflecting the change from a two-page to a three-page format.

### 2.ジブ・リーダー、ワイヤロープ

SR-KJ-01-CからSR-KJ-01/02-Dに改訂

\*1枚から2枚組に変わりました

The diagram illustrates the change in the inspection record form for cranes and wire ropes. On the left, one page of the old form (SR-KJ-01-C) is shown. A large blue arrow points to the right, where two pages of the new form (SR-KJ-01/02-D) are displayed. The new form is more comprehensive, covering more inspection points and details, which is why it has changed from a one-page to a two-page format.
